Tom,

Am using bogus "lite" version of email; as that is all that will work on my Apple IT architecture at home.
Blip me a note and let me know you got this.

Jim and Deanna:

Attached are the long-anticipated draft Alternatives Screening Memorandum (shorthand name) and accompanying tables for the BDCP EIR/EIS. Please give me your comments at your earliest convenience, as we would like the documents to reflect a joint effort of the state and federal attorneys before we release the documents to a larger audience. Ideally, you would provide us with a single set of comments that you both can stand behind. I apologize for how long it has taken to get them to you. I think that, once you look at the documents, you will understand the level of effort that went into them.
